## About United Family Services

In 2009, more than 8,000 victims of domestic violence and their children will seek assistance from United Family Services. We offer counseling, support groups, children's programs, court services, hospital services, transportation and referrals, and a safe haven for those in danger of abuse from their intimate partners.

## About Men 4 Change

Men 4 Change is a fundraising and educational effort that encourages men from all walks of life to speak out against domestic violence. The funds raised through Men 4 Change are used to support United Family Services' Domestic Violence Services.
